## HARVEST DETAILS

### CLONE

GM110, 198 / 19, 238

### VINEYARD

Red Shed & Torr

### SOIL

Silty loam over schist gravels

### HARVEST DATE

31/03/2019 & 01/04/2019

### BRIX

21.50

### TITRATABLE ACIDITY

8.20 g/l

### PH

2.95

---

## WINE ANALYSIS

### ALCOHOL

12.5%

### RESIDUAL SUGAR

8.50 g/l

### TITRATABLE ACIDITY

7.10 g/l

### PH

2.88

## GV COLLECTION 2019 RIESLING

*The GV Collection Riesling contrasts the taut minerality of fruit with beautiful expressions of citrus and blossom.*

### GV COLLECTION

Drawn from premium Bendigo, Pisa and Gibbston vineyards, GV Collection wines are classically sculpted, pure expressions of Central Otago.

### 2019 CENTRAL OTAGO GROWING SEASON

A very high quality vintage, in spite of a severe October frost. Warm spring and summer conditions gave even bunch weights and moderate yields. Benign conditions continued through to picking, with sufficient rainfall to keep vines healthy. Fruit at harvest was in beautiful condition.

### VINEYARD

50% Torr Vineyard, Pisa.

50% Red Shed Vineyard, Bendigo.

### WINEMAKING DETAILS

We pick Riesling relatively early in order to preserve its citrusy, mineral core. It has a simple winery regime: following whole bunch pressing, pressings are treated oxidatively, fined, then blended back with the free run. The wine is cool fermented, then bottled.

### AROMA AND PALATE

A luminous pale gold with vibrant green flashes. Very intense citrus and floral notes define the nose. Crisp, pure flavours energise the palate. A fine edged citrusy succulence propels the wine through into its fine, lingering finish. Finishes just off dry.

### CELLARING

Designed for immediate enjoyment but enjoy over the decades.
