

This wine was rated 4 stars in Winestate magazine (September 2021 Issue) with the following description: Light and lively, this is a rare North Otago wine - only 900 bottles were produced. Bright, light lemon/green, with an attractively scented, lemony bouquet, it has strong, youthful, citrusy flavours, gentle sweetness and appetising acidity. Well worth cellaring.

The winemaker comments:

The 2020 wine is bright, elegant and very limey. If you put 2017, '18 and '19 together when they are first bottled - you might have something like this. I particularly appreciate the lower alcohol. It might be my favourite vintage of this wine. It is drinking beautifully .
