Winemaker's comments

Immediately enticing in the glass. Aromatic and open on the nose, with appealing notes of lime blossom and elderflower. The palate is pure and concentrated, with ripe citrus and white nectarine notes melding with subtle wildflower honey notes. The finish is fresh and clean; pure, vibrant lime acidity perfectly balancing the richness of the spätlese style and leads to lingering finish of crushed chalk and white flowers.

Food match

Versatile and delicious, this Riesling works equally well as an aperitif or as a palate cleansing dessert wine. It will complement food with a variety of spices, working well with chilli and black pepper. It also pairs well with richer foods, such as cheeses, paté and terrines.
