Natural Wine Co Organic Pinot Gris Gisborne

At Wrights Vineyard & Winery, Gisborne, New Zealand we work from the grassroots to produce hand crafted boutique wines in an ethical and environmentally friendly way. Our grapes and wines are certified organic. In the winery additives are kept to a minimum, to show case the vintage, wines and terroir of the vineyard.

Geoff Wright owner, winegrower is NZ's 3rd generation winemaker of Croatian descent. With winemaking commencing in the 1920's, Kumeu, Auckland.

Winemaking

This winemaking focuses on pure and natural winemaking techniques, enhancing the fruit flavour and richness of the wine. The grapes were harvested over a week, with several batches whole bunch pressed and the others destemmed crushed.

Our Pinot Gris has a fresh, bright and lively nose with up-front, uncomplicated aromas of citrus fruit, yellow stonefruits revealing subtle savoury elements and steely, refreshing minerals. Dryish to taste and medium-bodied, the palate possesses gently rich and luscious flavours of yellow stonefruits, citrus fruits and yellow plums. Extended skin contact has added fine phenolic textures and complements the acidity.
