| Grape variety | 100% Malbec | |
| Bottled | March 2020 | |
| Cellaring potential | 2030 | |
| Winemaker | Hätsch Kalberer | |
| Wine analysis | Alcohol | 13.5% |
| | Total acidity | 6.0 g/l |
| | pH | 3.57 |
| | Residual sugar | less than 1 g/l |

Comment This purple/black coloured Malbec opens with a deep floral perfume combined with intense dark berry aromas. The palate is again full of dark fruit that is fresh and vibrant with a masculine tautness and firm structure, all typical hallmarks of our young cool climate Malbec. Like an energetic teenager, this wine needs at least 2 to 3 years of cellaring to mature into a fully integrated and harmonious wine. Aged for 21 months in 228 litre French oak barrels (no new wood used).
