Lemon gold.

AROMA/BOUQUET

Focused aromas of guava, lime rind and papaya with light leesy nuances.

PALATE

Powerful and concentrated, with a tight mineral texture and flavours of melon, green peach and limoncello.

CELLARING

This wine is already drinking well, but it will continue to evolve, increasing in complexity and roundness over several years.

SUGGESTED FOODS

Match with soft white cheese, chicken and tarragon pie, and smoked eel. A natural partner for seafood —particularly oysters.
