

SPY VALLEY

Our world-renowned flagship estate wines.

The perfect combination of vibrant flavour, impressive aroma, distinctive fruit character and balanced acidity.

LATE HARVEST SAUVIGNON BLANC 2017

Winemaking

Bordeaux Clone Sauvignon Blanc was left hanging in our E Block vineyard before being handpicked. The fruit was whole bunch pressed and settled, then transferred to older barrels for fermentation. The wine was left to age in barrel for 5 years before blending the best barrels together.

Vintage

2017 was a challenge, after an excellent early summer the sun went on intermittent holiday and during harvest, picking was fast and furious between outbreaks of rain.

Aroma & Palate

Marmalade, orange peel, dried apricot and nougat. An explosion of flavours – cake spice, hazelnuts, dried fruits with a lusciousness and finishing with a clean crisp finish

Cellaring

This wine will continue to age gracefully over the next 7-10 years.

Suitable for vegans/vegetarians.

REGION:	Marlborough - Waihopai Valley
