RIESLING 2023

Winemaking

Our Lodge Block Riesling is located on the stony, alluvial flood plain of the Omaka River. Harvested at peak flavour maturity, gently pressed and the juice tasted throughout the press cycle to capture the essence of this variety. The wine was prepared for bottling following a short time in tank on light yeast lees.

Vintage

An excellent flowering period and consistent rainfall resulted in even crops and healthy canopies. As a result, our start date was later, giving the fruit extra 'hang time' to develop more flavours across all varieties.

Aroma & Palate

Delicate floral aromas and citrus peel notes. Restrained yet elegant, with layers of lemon and melon that linger through a crisp, dry finish.

Suitable for vegans/vegetarians.
