

## Full of Life, Energy & Spirit

Since 2002, we have crafted premium wines on-site from our stunning vineyard at Crownthorpe, overlooking the Upper Reaches of the Ngaruroro River.

This year we have married together two of our most lively, aromatic varieties to bring you a brand-new wine. The vivacious tropical Sauvignon Blanc aromas and flavours blending seamlessly with the rich honeyed Pinot Gris to produce a wine which speaks of the unique terroir of our cool-climate sub-region and our elevated vineyard terraces. Enjoy!
