

-Blanc 2024-

Semillon

Composition: 100% Semillon, whole bunch pressed. BioGro Certified/Demeter Certified organic/biodynamic fruit.

Vineyard: Raupo Vineyard, Southern Valleys, Marlborough. Owned & operated by Seresin Wines. Planted in 1995 on clay based soil, overlayed by wind-blown sedimentary silt.

Vinification: Hand harvested. Semillon was whole bunch pressed to tank to settle overnight & then racked to neutral oak cigar barrels the following day. A pied du cuve (vineyard ferment starter) was added to ferment once transferred to barrel & underwent wild fermentation, followed by full malo-lactic fermentation. Barrels were given 2-3 lees stirs post-ferment to add texture & retain freshness. After 9.5 months in barrel, the wine was racked to tank to be assembled & settled for 3 weeks. Bottled unfinned & unfiltered with no SO₂ or additions of any kind.

Service Note: This wine gets better the longer it is opened and in the glass. Serve slightly chilled.

Alc: 11%

pH: 3.07

TA: 7.3g/L

Total SO₂: 5ppm

Free SO₂: 1ppm

618 bottles produced.
