- Residual sugar: 149 g/l
- Fermentation stopped to retain residual sugar
- Minimal Filtering
- Vegan and Vegetarian friendly

### Previous Accolades

- 5 Stars: Wine Orbit
- 4 Stars: Candice Chow, Raymond Chan  
Wine Reviews
- 4 Stars: Michael Cooper

### Tasting Notes

100% Pinot Noir grapes were late harvested on 5<sup>th</sup> June 2025 allowing them time to ripen fully and produce a considerable amount of sugar. The juice was fermented in stainless steel to retain the varietal and fruit characteristics. The ferment was then stopped to retain a residual sugar of 149g/l. This wine shows delightful aromas of strawberry, red plum, and cranberry jelly with intense flavours of red berry, citrus, and a touch of raspberry ice cream on the palate. This wine is a perfect match with desserts or cheeses and can be enjoyed on its own.
